

**Can we try the portal of videos for free?**

Of course! Check out the free videos on our site. Also, schools can try full access for 30 days without any payment or commitment.

**How many sign-ins will we have for our school?**

On initial sign-up, you will receive one sign-in. If you would like more, email us at [info@laughtercise.uk](mailto:info@laughtercise.uk) and we will create more for you. Only teachers at your school are allowed to use the sign-ins created for your school.

**When did you launch?**

We launched the full portal to UK schools in September 2021, but school children enjoy our videos in 84 countries already. School children wiggle and giggle to our portal videos all around the world!

**I'm looking to sign-up my school, how can we pay?**

Schools can pay by BACS or by Cheque.

**Do you do memberships for individual children?**

It is not something we are doing at the moment, but we will do soon.

**Do you film and edit all the videos yourself?**

Yes, we film all our videos in-house (in our own houses!). Aaron has a background in video production. Completing all the stages of video production ourselves enables us to be ultra-creative with the videos and allows us to produce more videos than if we used a studio. Also, not using a studio and video production business enables us to keep costs down to keep the price as low as possible for schools.

**How do I get in contact for more support?**

Just email us at [info@laughtercise.uk](mailto:info@laughtercise.uk)

**Do you know any good jokes?**

Of course, we're called Laughtercise!

What's a pirates favourite letter?

Rrrrrrrrr!!
